

INTERNATIONAL LANGUAGE IMMERSION PROGRAM 2015-2016

The International Language Immersion Program 4 KIDS at Umaña Academy offers a language rich environment that uses the fine arts to inspire and introduce the English language to our young learners. Each student is taught in a developmentally appropriate way. Each child is nurtured, treated with love, and given every opportunity to learn English in a loving environment.

Each class incorporates sensory activities, music and art to create a vibrant learning environment and increase your child's English language vocabulary. Your child will love coming to class, meeting new friends, singing songs, and exploring the new culture around them!

Commitment Requirement: UAFA requires a financial commitment from parents for the program length made at time of enrollment. Thereafter, if you desire to drop or reduce program days from the original program you have committed to, you may do so as early as we find a replacement for your child’s program days.

Limited International Availability: UAFA allows for a limited number of international students per class per year. Applications will be processed on a first-come, first-serve basis. Families must sign school statement of beliefs to be allowed admission into any or all UAFA programs.

OUR VISION

We believe in children! We believe in their ability to thrive in a loving and positive environment. Given these conditions they will develop a freedom to create and an unquenchable thirst to learn. We also believe that in order to achieve a perfectly rounded education each child must be nurtured in the arts. At Umaña Academy we have combined these two beliefs to create a unique, academically progressive curriculum with a fine art emphasis. Children will be challenged academically while being exposed to the arts through our enriched curriculum, field trips and fine art electives of their choice.

OUR GOAL

The goal of Umaña Academy is to develop in your child a love for learning and to foster their never-ending curiosity. We have carefully planned our curriculum to stimulate in your child the extraordinary. We believe that God made every child unique with different talents and abilities. Understanding that every child learns at their own pace, we encourage your child to reach their full potential by continually encouraging them that “they can do all things through Christ who strengthens them.”
